

**Libertarian Party of Oregon Public Policy Board
Resolution 23-04 Concerning Central Bank Digital Currencies**

Whereas, we support the right of all people to use alternative monies, currencies, ledgers, and systems, either public or private, to the US Dollar in their transactions.

Whereas, we find the creation and use of Central Bank Digital Currencies by governments or corporations as a horrific threat to human liberty and prosperity due to their potential for surveillance, coercion, and theft by those who control it.

Whereas, individuals have a right to make exchanges anonymously and transact in any manner they wish if they are not violating the rights of others.

IT IS HEREBY RESOLVED: The Libertarian Party of Oregon opposes Central Bank Digital Currencies.

Adopted date: 05/03/2023

Secretary Attest:

A handwritten signature in black ink, consisting of a stylized 'S' followed by a horizontal line.
